- Racket
- CSS
- SQLAlchemy
 - Flask
- PyMongo/MongoDB

Objective

Computer science student eager to utilize expertise in C/C++, Python, JavaScript, Git, HTML5, CSS, PyMongo/MongoDB, and Flask in a software engineering internship role. Offering strong programming skills, ability to learn quickly, and a passion for developing innovative software solutions. Seeking an opportunity to contribute to challenging projects and grow technical abilities in a professional environment.

Experience

January 2022 to Present

Receiver/Stocker • Lowe's Home Improvement - Hoover, AL

August 2019 to August 2021

Sales Associate • Shoe Station Inc - Spanish Fort, AL

April 2018 to April 2019

Crew Member • Wendy's - Spanish Fort, AL

Responsibilities

Leveraged customer service, sales, and inventory management skills through roles at Lowe's, Shoe Station, and Wendy's. Safely operated forklifts to efficiently move, lift, stack and store merchandise. Received, inspected, sorted, stocked and replenished merchandise while maintaining detailed inventory records. Followed proper protocols for safe product handling and movement. Provided excellent customer service by greeting customers, answering product questions, offering recommendations, and providing product expertise. Operated registers efficiently with accurate cash and credit card transactions. Maintained store appearance by keeping shelves, displays, cases, racks, aisles, and tables clean. Adapted quickly to shifting priorities and excelled in high-pressure, fast-paced environments. Collaborated cross-functionally to ensure tasks and daily goals were achieved. Eager to apply these skills and experiences in a new role.
